# RATE SCHEDULE 40 General Service Effective January 1, 2022

### AVAILABILITY

Available for single-phase commercial services subject to the established rules and regulations of the cooperative.

# TYPE OF SERVICE

Single-phase, 60 cycles, at available secondary voltage. The capacity of individual motors served under this schedule shall not exceed 10 H.P. except by special permission. This permission may be granted when voltage drop studies indicate a minimal voltage drop to other members.

# <u>RATE</u>

# Service Charge:

• \$38.00 per month plus \$.54 per kVA over 25 kVA of installed transformer capacity

### **Energy Charge:**

• \$.075 per kWh per month

### **MINIMUM CHARGES**

The minimum monthly charge under the above rates shall be the base rate for the type of service listed above or greater if established rules and line extension policies apply.

For members requiring more than 25 kVA of transformer capacity, the minimum monthly charge shall be increased at the rate of \$.54 for each additional kVA or fraction thereof required. The cooperative will retain the right to determine the transformer capacity to be installed.

### COST OF PURCHASED POWER ADJUSTMENT

If at any time after January 1, 2022, the wholesale cost of purchased power is increased or decreased, the seller may increase or decrease the selling cost .1 mills for every .1 mill, or major fraction thereof, the cost of purchased power is increased or decreased. The purchased power adjustment shall be shown as a separate item on the member's billing statement.

### **BILLING AND TERMS OF PAYMENT**

- 1. Meters will be read by the Cooperative on the 1<sup>st</sup> of each month.
- 2. The electric energy bills will be computed by the Cooperative and submitted to the member by approximately the 5<sup>th</sup> of the month.
- 3. Payment is due the 25<sup>th</sup> of the month. Bills not paid by the 1<sup>st</sup> of the following month will be assessed a penalty.
